About me

I'm a UI/UX and marketing designer who's worked with 100+ companies across agency, freelance, and mentoring roles. My work combines user-centered thinking with a strong visual foundation to create clear, engaging digital experiences. I value thoughtful collaboration, adaptable design processes, and purposeful details.

Experience

Enflow Digital — Senior Email Marketing Designer

 Nov 2024 - present

- Designed high-converting email campaigns with clear content hierarchy and user-focused layouts
- Applied A/B testing insights to improve engagement and click-through rates
- Created responsive email designs optimized for mobile and cross-platform rendering
- Collaborated with marketing and product teams to align design with campaign goals
- Developed visual assets for social media to support campaign consistency across channels

IMPRO Email agency — Email & UI Designer

 Jul 2021 - Oct 2024

- Created 1000+ custom email templates for various brands, focusing on conversion and brand consistency
- Designed social media creatives (Instagram, Facebook) aligned with email campaigns
- Built reusable email design systems that reduced production time by 30%
- Applied UX principles to improve content structure and user flow in emails and landing pages
- Participated in MVP and landing page design, contributing to interface structure and visual hierarchy
- Worked closely with developers and clients to ensure accurate implementation

Vona Tech Community — Volunteer UI/UX Mentor

 Jun 2024 - Sep 2024

- Mentored junior designers on portfolio development and career growth
- Provided feedback on UX structure, visual hierarchy, and presentation

Hard Skills

Design & Marketing Email Design Email Marketing Campaigns Social Media Design Visual Communication

UX & Conversion Content Hierarchy User Flow A/B Testing Conversion Optimization Responsive Design

Design Tools: Figma Photoshop Illustrator Canva Klaviyo Stripo Customer.io HubSpot
